2018

2nd Verona Expert Meeting

Dear Colleagues and Friends,

We are delighted to invite you to the 2nd Verona International Expert Meeting that will be held in Verona on the July 6th and the 7th. The title of the meeting will be “***Evolving strategies in the management of liver metastases***”, endorsed by IASGO and It-IHPBA.

The management of liver metastases is still evolving and the multimodality onco-surgical approach is the best approach to increase long-term results. However, the choices of the best approach and type integration between different treatments are still matter of debate.

This meeting will offer a unique opportunity for international HPB experts to discuss controversies and recent improvements of liver metastases treatment. The meeting will be focused on colorectal liver metastases treatments but specific sessions will be dedicated to neuroendocrine and non-endocrine non-colorectal liver metastases.

On the July 6th, an IASGO and It-IHPBA postgraduate course titled “***Innovative technical aspects in open and minimally invasive HPB surgery***” will take place. This postgraduate will be focused on new technologies on HPB surgery and their application in open and minimal invasive surgery.

Verona is an extraordinary city of art with its traces of ancient history that during this season offers the best opportunity to fully enjoy its beauty. The congress venue will be the historical Gran Guardia Palace located nearby the roman Arena, in the downtown.

We look forward to welcoming you to this exciting meeting.

Presidents

Alfredo Guglielmi

Calogero Iacono

Postgraduate

2nd IASGO-It-IHPBA Postgraduate Course

Innovative technical aspects in open and minimally invasive HPB surgery

Course Directors: Prof. K. Takaori, Prof. A. Guglielmi, Prof. C. Iacono

FRIDAY, 6th of July

8.30 am Registration

8.50 am Welcome & Introductory Remarks

I SESSION

Chairmen: **A. Guglielmi, K. Takaori**

9.00 am Liver function evaluation: what news?
T. Van Gulik

9.30 am Imaging techniques in HPB surgery: an update
G. Zamboni

10.00 am Tissue perfusion evaluation in HPB surgery
K. Takaori

10.30 am Out of the box treatments for non resectable colorectal metastases to the liver
P.A Clavien

11.00 am Discussion

II SESSION

Chairmen: **O. Soubrane, G. Torzilli**

11.10 am New technologies in intraoperative ultrasonography
G. Torzilli

11.40 am Intraoperative navigation techniques
J. Pratschke

12.10 pm The role of technology (instrumentation and vision) in the development of laparoscopic HPB surgery
M. Abu-Hilal

12.40 pm Future development of robots in HPB surgery
U. Boggi

1.10 pm Discussion

1.20 pm End of the Course

2nd Verona Expert Meeting

Evolving strategies in the management of liver metastases

FRIDAY, 6th of July

2.30 pm Welcome & Introductory Remarks

Lectures

3.00 pm Introduce: **K. Takaori**
Metastatic disease of the liver: current and future trends to improve survival

TBA

3.25 pm Introduce: **A. Guglielmi**
Horizon Scanning of future oncology: effectiveness, sustainability and social impact

N. Martini

3.50 pm Introduce: **C. Iacono**
Novel concept of benchmarking in Surgery to keep the future in our hands

P.A Clavien

I SESSION

NELM (Neuro Endocrine)

Chairmen: **C. Iacono, T. Pawlik**

4.20 pm Molecular biology: News

A. Scarpa

4.35 pm Surgical Treatment with curative intent of multiple NELM:

• Role of liver resection **A. Ruzzenente**

4.50 pm • Role of liver transplantation **J. Pratschke**

5.05 pm Systemic therapies

M. Pavel

5.20 pm Somatostatin analogs, target therapy, radiometabolic therapy: which sequence in GEP-NET

N. Fazio

5.35 pm Non resectable NELM: is the resection of primary lesion indicated?

Pancreas and GI **T. Pawlik**

5.50 pm Comments and questions **S. Cingarlini**

6.15 pm Closure

Preliminary Program

Verona 6 - 7 July 2018

SATURDAY, 7th of July

II SESSION

COLON RECTAL LIVER METASTASES

Chairmen: **L. De Carlis, N. Bassi**

Neoadjuvant treatment of resectable disease, real benefit?

- 9.00 am • Oncologist's point of view **TBA**
- 9.15 am • Surgeon's point of view **T. Pawlik**
- 9.30 am New predictors of chemotherapy response and surgical outcomes
P. Metrakos
- 9.45 am Clinical value of histological margins in CRLM
M. Milione
- 10.00 am Management of vanishing lesions
H. Lang
- 10.15 am Comments and questions **G. Grazi, N. Portolani**
- 10.25 am Coffee break

III SESSION

COLON RECTAL LIVER METASTASES

Chairmen: **L. Aldrighetti, T. Van Gulik**

- 11.00 am Ultrasound guidance to open and laparoscopic liver resections
A. Ferrero
- 11.15 am Parenchymal sparing
G. Torzilli
- 11.30 am Two stage/ALPPS
P.A Clavien
- 11.45 am Role of laparoscopy in the liver surgery for CRLM
• Current evidence **A. Ruzzenente**
- 12.00 am • Controversies **M. Abu-Hilal**
- 12.15 pm • What is the role of robots? **U. Boggi**
- 12.30 pm Comments and questions: **G. Belli, D. Ribero**
- 1.00 pm Light Lunch

Preliminary Program

2nd Verona Expert Meeting

Evolving strategies in the management of liver metastases

SATURDAY, 7th of July

IV SESSION

COLON RECTAL LIVER METASTASES

Chairmen: **G. Brandi, P.A Clavien**

Synchronous disease, which techniques and which timing?

- 2.30 pm • Liver first **F. Giuliani**
- 2.45 pm • Simultaneous: **A. Guglielmi**
- 3.00 pm • Role of laparoscopy: **O. Soubrane**
- 3.15 pm Role of liver resection in patients with extrahepatic disease
H. Lang
- 3.30 pm Liver transplantation of liver metastases: real benefit for unresectable disease?
O. Soubrane
- 3.45 pm **U. Cillo**
- 4.00 pm Comments and questions: **F. Di Benedetto, S. Gruttadauria**

V SESSION

NON CRLM - NON NELM

Chairmen: **C. Bassi, K. Takaori**

- 4.20 pm Which can benefit from surgery?
G. Ercolani
- 4.35 pm OligoLM from pancreatic cancer: is there a role for surgery?
K. Takaori
- 4.50 pm Comments and questions: **F. Giuliani, E. Jovine**
- 5.00 pm Closing remarks and end of the meeting

Expert Meeting

Note

A large, light-colored rounded rectangle containing horizontal dotted lines for writing notes. The background of the page is a faded image of a building and trees.

Verona 6 - 7 July 2018

A series of horizontal dotted lines for writing, set against a faded background image of Verona's Cathedral and the Adone Bridge over the Adige river.

2nd Verona

Expert Meeting

Evolving strategies in the management of liver metastases

CONGRESS VENUE

Palazzo della Gran Guardia • Piazza Bra - Verona, Italy

CME CREDITS Agenas.  **AGENZIA NAZIONALE PER I SERVIZI SANITARI REGIONALI**

ID ECM n. 229895 - Eligible for **16** CME credits

The Event is accredited for CME credits for the following categories:

- n. 100 Physicians (Surgery, Oncology, Gastroenterology and Hepatology, Radiology, Internal Medicine, Anaesthesia and Intensive Care).

REGISTRATION

International POSTGRADUATE Course & International Expert Meeting

Congress registration is required and free of charge.

Registration includes: admission to scientific sessions, CME credits, conference kit, certificate of attendance, light lunch and coffee breaks

Online registration available on our website: www.bibagroup.it

VERONA EXPERT MEETING PARTNER OF ARENA DI VERONA FOUNDATION

We are pleased to inform you that congress participants can benefit of a special 30% discount on the Opera Festival tickets.
