2nd International Meeting on New Drugs in Breast Cancer

Rome, October 13 - 14, 2011

Regina Elena National Cancer Institute
Bastianelli Congress Center

President: *Francesco Cognetti*

Under the auspices of the
"Italian Association of Medical Oncology"

Welcome Letter

Dear Colleagues and Friends,
It is with great pleasure that, following the great success reached during the 1st International Meeting on New Drugs in Breast Cancer, I am pleased to announce that the 2nd International Meeting on New Drugs in Breast Cancer will be held in Rome at the Regina Elena National Cancer Institute, on October 13-14, 2011.

New exciting developments have occurred during the last few years that opened new perspectives for a better treatment of our patients. The Scientific Board and myself will focus our attention on the important clinical updates on new drugs in Breast Cancer.

The Scientific Programme of the Meeting will include topics on Target Therapy, on Chemotherapy and on Hormonal therapy. The programme was designed in the pursuit of excellence and all lectures will be presented by an international distinguished outstanding faculty which will report all their experiences and developments.

The meeting will take place in the beautiful city of Rome, the weather during the month of October is usually warm and extremely pleasant and I am sure there will be plenty opportunities for a unique and enjoyable stay in our city
