

MODENA INTERNATIONAL BREAST CANCER CONFERENCE

7th MEET THE PROFESSOR

Modena, 5-6-7 October 2011

AIMS

The breast cancer meeting in Modena started seven years ago as a Meet the Professor initiative to facilitate the discussion among recognized Experts and physicians involved in breast cancer management. Over the years, the number and the expertise of the attendees has increased as has the scientific content of the meeting. This seventh edition is now an international conference that will gather some of the top scientists and clinicians from all over the world. The Programme of the Conference includes lectures, round tables on topics that require a multifaceted approach, highlights from international meetings, debates on controversial items and clinical case discussions. Even though the Conference has increased the number of the participants and the international inspiration, this 7th Modena International Breast Cancer Conference will maintain its characteristics of a friendly forum where internationally recognized experts and attendees can exchange experiences and comment on the most exiting advances in breast cancer biology and therapy. In order to reward scientific excellence and facilitate international cooperation, the International Scientific Committee of MIBCC 7th, will award the Second International Unimore Prize for Breast Cancer Research to a young scientist who has published a breakthrough paper in the previous year and the Monica Boscolo Research Grant to an Italian scientist willing to pursue a research project in a foreign institution. Medical oncologists, breast surgeons, radiologists, pathologists and basic scientists interested in translational research are welcome to Modena to listen to breast cancer leaders and exchange experience in a friendly atmosphere.

PierFranco Conte, Gabriel N. Hortobagyi

ADDRESSED TO

Oncologists, radiologists, breast surgeons

ECM

Based on the in force Italian regulations, Accademia Nazionale di Medicina (provider n. 31, accreditation valid through July 13th, 2012) will propose 3,6 ECM points.

The Meeting is addressed to physicians specialized in oncology, radiology, breast surgery

The credit certification is subject to:

- attendance of at least 80% of the meeting
- the completion of the meeting evaluation form
- a signed declaration of attendance of the meeting

We would like to remind to participants that only 1/3 of the MCE Credits acquired during the years 2011-2013 can come from a sponsorship

ESMO-MORA CREDITS

The course has been accredited with 15 ESMO Mora points.

OFFICIAL LANGUAGE

The official language of the Meeting is English. No simultaneous translation will be provided.

REGISTRATION

The registration fee is **€ 250,00** tax free.

It includes the conference bag, the conference book and all coffee breaks and lunches. It does not include hotel accommodation, dinners and travel expenses.

To register, please send:

- registration form duly filled out (even when sponsored by a Pharmaceutical Company)
- privacy statement and consent to the use of personal data (as in the back of the form)
- payment

to Accademia Nazionale di Medicina – Palazzina CUP II Piano, Via Massarenti 9, 40138 Bologna – fax 0039 051 6364605 – e-mail: infobologna@forumservice.net, within september 29th.

Online registration is possible on the website <http://meettheprofessor.accmed.org>

By submitting the form and the payment, your registration is completed with the exception of specific decisions of the Meeting Secretariat.

Incomplete registration will NOT be admitted.

CANCELLATION

- If the participants minimum number is not reached, Accademia Nazionale di Medicina will advise by a written communication and proceed with the total refund of the fee.
- In order to cancel please give advise with a written communication to Accademia Nazionale di Medicina within October 25th. A 70% of the registration fee will be returned. Any cancellation after that deadline will not be reimbursed.

PROGRAMME

WEDNESDAY, OCTOBER 5th

- 8.30 Registration
Chairman: Pietro Torricelli
- 9.00 **Lecture 1**
Screening programmes: evidence, limits, perspectives
Carlo Naldoni
- 9.30 **Lecture 2**
Management of high-risk women: BRCA and beyond
Laura Cortesi
- 10.00 *Coffee break*
- 10.30 **Lecture of Unimore Awardee**
Ana Maria Gonzalez-Angulo
- 11.00 **Round Table 1. Breast Cancer Prevention**
Chairman: Alberto Costa
- Lifestyle - Massimo Federico
- Chemoprevention - Andrea De Censi
- Surgery - Emiel J. Rutgers
Chairmen: Filippo Bertoni, Giovanni Tazzioli
- 12.15 **Highlights on Surgery**
Sentinel node biopsy and axillary node dissection: what is new
Kelly Hunt
- 12.45 *Lunch break*
- 13.45 **Highlights on Partial Breast Irradiation**
New techniques, new data, ASTRO consensus statement
Philip Poortmans
- 14.15 **Round Table 2. Innovation in Reconstructive Surgery**
Chairman: Giorgio De Santis
- Reconstruction with perforator flaps
Aldona J. Spiegel
- Autologous fat transplantation and external vacuum-assisted therapy
Roger Kouri
- Oncoplastic surgery
Remy Salmon
- Reconstructive surgery and radiation therapy
Giorgio De Santis
- 15.40 *Discussion and coffee break*
- 16.10 **Clinical Case Discussion 1. Surgical Challenges**
Chairman: Emiel J. Rutgers
Presenters: Alberto Bottini, Maria Grazia Lazzaretti, Emanuela Roncella, Giovanni Tazzioli
Panelists: Alberto Costa, Kelly Hunt, Philip Poortmans, Remy Salmon
Clinical cases of breast cancers with difficult/controversial characteristics will be presented. The audience will vote a list of options and the panelists will discuss the votes and express their opinion.
- 17.40 Adjourn

	Chairmen: Pier Franco Conte, Gabriel N. Hortobagyi	11.30	Clinical Case Discussion 2. Clinicians-Pathologists crosstalk (Part 2) Chairman: Gabriel N. Hortobagyi Discussant: Valentina Guarneri Panelists: Pier Franco Conte, Luca Gianni, Sibylle Loibl, Antonio Maiorana, Miguel Martin, Anna Sapino, Giuseppe Viale, Christoph Zielinski On the basis of the clinical cases presented and the audience choices, the discussant will ask the panelists to discuss the role of genomic classifiers and molecular markers in treatment decision.
8.30	Highlights on Molecular Pathology Gene Expression Profiles as prognosticators and predictors of treatment efficacy Christos Sotiriou		
9.00	Round Table 3. Which information pathology reports should provide? Luca Gianni, Giuseppe Viale - Focal HER2 amplification - Rare histologies - Discrepancy between primary and metastases		
10.00	Clinical Case Discussion 2. Clinicians-Pathologists crosstalk (Part 1) Chairman: Gabriel N. Hortobagyi Presenters: Alessandra Gennari, Anna Maria Molino, Fabio Puglisi Cases of early breast cancers with clinical or pathological controversial characteristics will be presented. The audience will vote a list of options.	12.30	Lecture 3 Breast cancer stem cells Maria Grazia Daidone
11.00	<i>Coffee break</i>	13.00	<i>Lunch break</i>
			Chairmen: Pier Franco Conte, Gabriel N. Hortobagyi
		14.00	Lecture 4 Adjuvant treatment of EBC 2011 Gabriel N. Hortobagyi
		14.30	Highlights on Bisphosphonates as adjuvant treatment for early breast cancer Robert Coleman
		15.00	Debate 1. Closing credits for chemotherapy in HR+ EBC? Pro chemotherapy - Miguel Martin Contra chemotherapy – Christoph Zielinski

- 16.00 *Coffee break*
- 16.20 **Highlights on Primary Systemic Therapy for OBC**
Sibylle Loibl
- 16.50 **Ceremony for the presentation of the UniMore Award for advances in breast cancer research, the Monica Boscolo Research Grant and Patrizia Rossi merit award**
- 17.20 *Adjourn*

FRIDAY, OCTOBER 7th

Chairmen: Pier Franco Conte, Steven Johnston

- 8.30 **Lecture 5**
Inflammatory breast cancer
Hussein Khaled
- 9.00 **Debate 2. Closing credits for chemotherapy in HER2+ disease?**
Pro chemotherapy – David Khayat
Contra chemotherapy – Steven Johnston
- 10.00 *Coffee break*
- 10.30 **Lecture 6**
Triple negative breast cancer: how many diseases, how many therapies?
Marjorie C. Green

- 11.00 **Clinical Case Discussion 3. Multidisciplinary approach to metastatic breast cancer**
Chairman: Jacek Jassem
Presenters: Carmelo Bengala, Roberto Sabbatini, Claudio Zamagni
Panelists: Filippo Bertoni, Pier Franco Conte, Marjorie C. Green, Gabriel N. Hortobagyi, Fikri Icli, Stephen Johnston
Cases of advanced breast cancers with limited tumor burden or metastatic sites eligible for a multidisciplinary treatment will be presented and the panelists will discuss the audience choices and express their opinion.

- 12.30 **Highlights on advanced HR+ disease**
Paolo Pronzato
- 12.50 **Highlights on Metastatic Bone Disease**
Antonio Frassoldati
- 13.10 **Update on ongoing adjuvant trials in HER2+ EBC**
Valentina Guarneri
- 13.30 *Adjourn and final evaluation questionnaire*
- 14.00 **Shorter investigator's Meeting**

MEETING VENUE

Aula Magna Centro Didattico
Policlinico di Modena
Via del Pozzo, 71
Modena

HOW TO REACH THE MEETING VENUE

By car arriving from the North:
exit Modena North, follow the signs to
City Center-Bologna Strada Statale,
then follow directions to the Hospital
Policlinico di Modena.

By car arriving from the South: exit
Modena South, turn right then keep
going for 10 Km, at the mandatory turn
sign, turn right and follow the street to
the end.

By train: Modena train station, bus n. 7.

By plane: Bologna Aeroport 40 Km.

Scholarship Fondazione Federico Calabresi

The Scholarship includes a reward of € 1000,00, the registration fee, travel and accommodation in Modena for the Meeting. It will be assigned to the best publication on International press during the current year or "in press" to the date July 20th, 2011. The main author must be a clinical oncologist younger than 45 years old. Please send the request together with two copies of the work within July 15th to Accademia Nazionale di Medicina, Via Martin Piaggio 17/6, 16122 Genova – Subject: MIBCC

Monica Boscolo Research Grant

The Scientific Committee will select the winner of the Monica Boscolo Research Grant. This Research Award is restricted to young Italian researchers (<40 years) who will carry out a research project at a foreign institution. The award is made for an amount up to € 24.000.

Unimore Award

The Scientific Committee will select young researchers (<40 years from any country) who have published in an international peer-reviewed journal, as the principal author, a manuscript reporting important clinical or biological advances in breast cancer. Prof. Conte and Prof. Hortobagyi will select the final winner which will be invited to present his/her study during the annual Conference. The Unimore Award consists of € 6.000.

Patrizia Rossi Merit Award

This award is restricted to students of the University of Modena and Reggio Emilia who have graduated in 2010/2011 with a graduation thesis on biological or clinical aspects of breast cancer. The award consists of € 1.000.
